Water Main Replacement Group Job 3008: E-Newsletter #5

E-Newsletter Series for the Harbor Drive Area

This is the 5th e-newsletter for Water Main Replacement Group Job 3008. The newsletter will be distributed weekly to keep the community informed about construction progress.

Group Job 3008 Project Description

The water main replacement work for Group Job 3008 is well underway. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

Total project cost is \$5,777,000.

Installing 16" pipe in the northeast corner of parking lot at Seaport Village.

Upcoming Construction Activities

Currently, construction crews are working on Group Job 532 (see *Orange dotted line on map below*). The crew is working to minimize impacts to all those who travel in and out of this area.

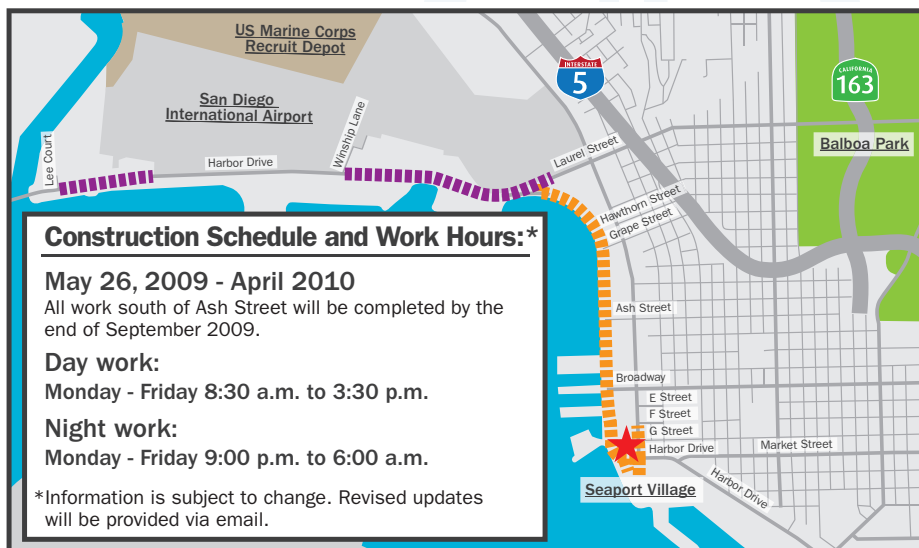

During the week of June 22nd, crews will:

- Night work: Install 16" diameter pipe along Harbor Drive heading north from Pacific Highway towards Broadway (approx. 500' of pipe will be laid.)
- Day work: Conduct potholing activities.

Traffic Control:

Typically where construction is occurring, a minimum of one lane of traffic will be provided. Please adhere to temporary road and no parking signage. Business and pedestrian access will be maintained.
